October 2021- July 2024

**Polytechnic University of Tirana, AL**

*Bachelor of Computer Engineering*

## RELEVANT SKILLS

Digital Analysis

Social Media Management

Project management

Microsoft Office

Google Drive

Email

Graphics

Presentations

Slack

Wordpress

## CAREER OBJECTIVE

*As a graduated computer engineering student, I aim to apply my technical skills and project management abilities in roles that merge technology with innovative solutions. With experience in customer service and organizational roles, including managing activities and fostering effective communication, I am prepared to contribute effectively in dynamic and tech-driven environments post-graduation.*

## PROFESSIONAL EXPERIENCE

May 2024–Present

**Digital Marketing and Web Development**

*ICTSlab, Tirana, AL*

- Plan and manage content creation across multiple platforms like social media, blogs, and websites using Wordpress and front-end languages.
- Plan and coordinate social media campaigns from ideation to execution while coordinating with designers and videographers.
- Develop detailed project plans, timelines, and resource allocations and coordinate tasks and activities among team members and stakeholders.
- Designed and implemented responsive, user-friendly websites from concept to launch, optimizing for SEO and performance across multiple devices.

June 2024–Present

**Content Creator**

*UNICEF Europe and Central Asia*

- I create a variety of multimedia content, including articles, videos, and social media posts, that highlight UNICEF's initiatives and campaigns, such as the "Girls in STEM", "International Day of the Girl", "World Mental Health Day" and many more.
- I work closely with advocacy, communication with other co-creators from all over the region, and program teams to ensure that content aligns with ongoing campaigns and effectively communicates our messages, including those related to children's rights and education.

February 2024–August 2024

**L1 IT Linux Technician**

*Touch Support Inc., Chicago, IL*

*Remote*

- Respond to and resolve customer questions through chat, email, and telephone calls quickly and effectively
- Act as a customer advocate by passing along unique questions and challenges that you see our customers are experiencing
- Increase customer satisfaction and build loyalty by providing an outstanding, personal customer experience
- Assist in onboarding, educating, and supporting our customers through their journey

July 2023–October 2023

**Activity Ranger**

*Jellystone Park, South Haven, MI*

- I needed to have good organizational and communication skills, teamwork, the ability to multi-task, and be able to work well under pressure.
- In this position I was in charge of doing crafts and activities as assigned, was a birthday party host, was able to organize children in a game of laser tag, as well as read a book during a bear tuck-in.

## LANGUAGES

*Albanian (native)*

*English (C1+)*

*Spanish (B1)*

## PROGRAMMING LANGUAGES

*Java*

*C*

*HTML*

*CSS*

*Javascript*

*PHP*

*SQL*

*Python*

- *This position required me to have good diplomatic skills when dealing with rule enforcement and guest concerns.*

## TRAINING AND CERTIFICATES

- ***cPanel Certified Partner Accreditation (CPCP)**, CPANEL University, October 2024*
- *Successfully completed **100 Days of Code: The Complete Python Pro Bootcamp** by Dr.Angela Yu, September 2024*
